PRAVIN ALE

PROFILE

I am a dedicated front-end developer skilled in HTML, CSS, JavaScript, and React. I've created responsive web applications and delivered quality results at Shangrila Microsystem. I am committed to continuous learning and applying my problem-solving skills, enhanced by my interest in gaming, to build impactful digital solutions.

WORK EXPERIENCE

- **Software Developer**
  Shangrila Microsystem | 2023 - 2024

  Project: LMS Website
  link: http://eshikshya.org/
  - Developed and maintained web applications, ensuring high performance and responsiveness.
  - Collaborated with back-end developers to create seamless user experiences.
  - Implemented features and fixed bugs based on user feedback and testing.

PROJECTS

- **E-commerce Store (Front-End project)**
  link: https://pravinale.github.io/Ecommerce/

  - Developed a fully functional e-commerce web application with a product store and cart system using React.
  - Implemented search and filter functionality, category filtering, and price range filtering.
  - Integrated cart functionality, including adding/removing items and displaying total quantity.

- **Restaurant Website (Front-End project)**
  link: https://pravinale.github.io/Restaurant/

  - Utilized React for front-end development.
  - Created a responsive restaurant website featuring a dynamic menu and customer reviews.
  - Designed a user-friendly interface to enhance the online presence of the restaurant.

- **Personal Portfolio**
  link: https://pravinale.github.io/Portfolio/#

  - Designed and developed a personal portfolio site using React to showcase projects and skills.
  - Implemented navigation links and a floating face component to enhance user experience.
